## **ENOUGH IS ENOUGH**

Our collective agreement doesn't recognize LGBTQ+ people.

## **WE WANT**

An inclusive collective agreement for all teachers.

The current contract is full of absurdities.  
Paternity leave for one of the mothers? Seriously?

## ENOUGH IS ENOUGH

We're stressed when we're sick.

## WE WANT

Better family leave and sick leave.

We don't have enough days of family leave. And they're either taken right of our bank of sick days... or they're unpaid!

## **ENOUGH IS ENOUGH**

Our schedules require us to be in two places at once.

## **WE WANT**

A better work-life balance.

Our schedules are spread over 10 hours and daycares close before we leave the college. This won't work until we have teleporters, and maybe not even then!

## ENOUGH IS ENOUGH

Our union executive is exhausted.

## WE WANT

Union leave so our executive  
can do its job.

Unions prevent administrators from making mistakes and have legal obligations to meet. They need the means to do both!
